

Email Traffic on Sewer Financing

Jim,

I have had some questions about when payments will be due. What's below should answer.

Nancy,

The \$3,000 will be due when we connect, actually about 60 days thereafter. You will be billed for it. It could be later or earlier than July 1, 2007. For planning purposes, I am using April 1, 2007.

The first installment on the loan will be billed in January, 2008 with payment due 60 days later.

Ray
